Easy Prices for Early Buyers

of Fall Cloaks and Suits

Last year we established a new business policy which has since proved

very popular. When new suits come in - at the very beginning of the

season - we mark them at a low price - lower than is customary - al-

most as low as at sale times. The result is that you get, at the very out-

set of the season, the new suit or cloak when its style is strikingly new.

You have the full season's use of the garment. You pay little, if any,

more than you would expect to pay at a clean-up sale when the season is

Right now we are selling — on this plan — the season's best suits — the

new reversible coats - the long fur coats - the finest of furs and fur

cloaks. Visit this department on the Second Floor.
